## No Matter Where You Live, You, Too, can COOK WITH GAS

- 1 The Air-O-Gas is a complete pressure gas cooking unit—stove and gas plant all in one.
- 2 The Air-O-Gas is a convenient quick-action stove. Burners all light and burn like city gas. Only one generation needed.
- 3 The Air-O-Gas produces the intensely hot cooking flame desired by every housewife.
- 4 The Air-O-Gas is instantly regulated to any desired heat—from a low simmer to a full strength "wash boiler" fire.
- 5 The Air-O-Gas maintains just the right temperatures for baking, boiling, roasting, frying, broiling, or broiling.
- 6 The Air-O-Gas is a clean stove—produces a smokeless flame, no more blackened pots and pans—no sooty walls and curtains.
- 7 The Air-O-Gas is an economical stove. Average fuel costs for ordinary home use is only 50c. per week, often less.
- 8 The Air-O-Gas is a handsome stove of modern design, finished in attractive baked porcelain enamel—easily cleaned.

The Baby Clinic held under the auspices of the Lacombe and Lakeside W.I. on Monday and Tuesday, was decidedly successful, many mothers taking advantage of this service. 38 babies and 38 preschool children were examined, a total of 76. In the baby class 23 were found to be without defects, while there were only 5 of this nature among the pre-school children, many of the latter being underweight and with enlarged tonsils. Much credit is due Mrs. Cranra, Mrs. Jenkins, Mrs. John Henderson and Mrs. John Fraser for the ease and dispatch with which the nurse, Miss Emerson, was able to perform her duties.

There will be a special Masonic service in United Church on Sunday evening, June 23rd. All visitors are specially invited.

A demonstration of Aluminum ware was the main feature of interest at the regular meeting of the W.I. held Saturday, June 8th. A. Evenson, local salesman, pointed out the merits of this ware to the members. Mrs. P. Taylor, delegate to the Provincial W. I. Convention brought back a splendid report of the work being done throughout the Province. A picnic and social are being arranged for the months of July and August.

## LACOMBE BASEBALL TEAM DEFEATS BENTLEY

In one of the fastest games played in the league this season, Lacombe defeated Bentley ball team 17 to 5. Every man on the Lacombe team was playing air-tight ball and it was an easy game for them. Although the local boys have played against a streak of bad luck all their previous games, last Tuesday night they demonstrated what they could do when to breaks were for them. Bentley has a good team, and they played a good game, but were not equal to

the local team in any stage of the game. Watch for posters for the next game, and attend it—you will get your money's worth.

## Alberta Institute of Co-Operation

Lethbridge Olds Vermilion

JUNE 24th - 29th, 1929

Arrangements have been completed for the holding of three separate institutes of Co-operation in the Province, similar to the one which proved so successful at Edmonton last year.

The meetings will be addressed by speakers who are outstanding authorities on various phases of co-operation in many parts of the continent, and special attention will be paid to the problems in co-operation affecting Alberta farmers. The co-operative marketing of wheat, livestock, dairy products, and poultry and eggs, and the consumers' co-operative movement will be considered and discussed.

Special arrangements are being made for the junior section of the Institutes, and for the instruction and entertainment of the young people who will attend.

Plan to attend the institute nearest your home, and in order to ensure accommodation, communicate at an early date with the centre.

## U.F.A. Convention June 20 and 21

The Annual Convention of the Saskatchewan Federation of Agriculture will be held in the Rex Theatre, Lacombe, June 20th and 21st, commencing with registration at 9 a.m. in the first day.

A special feature of this year's Convention will be the separate session for the U.F.W.A. delegates and visitors which will be held the first morning. Hon. Mrs. Fahey and Mrs. Price, vice-pres. of the U.F.W.A., will be present and a most interesting time is expected.

The first day of the Convention will be occupied mainly with the business of the Association, including the election of officers and the consideration of resolutions.

At 6 p.m. will occur one of the high lights of the convention in the form of a real social get-together dinner in a nearby building. This will be quite informal. No long speeches, plenty to eat. Naturally a good time is assured. Everybody welcome.

Following this, at 8 p.m. a public meeting will be held in the Theatre, at which the principal speakers will be Wm. Irvine, M.P., and Alfred Speak-

man, M.P. Both these gentlemen are well known for their platform ability.

The morning of the second day will be devoted mainly to organization matters and arrangements for the membership drive. A trip to the Experimental Station is planned for the afternoon, providing that the business can be concluded in time. This will provide an opportunity for both enjoyment and education.

The Constituency Board wishes to make it clear that attendance at the Convention is open to anyone and to extend a hearty invitation to all persons interested. People who live in districts where the organization is weak, or where there are no locals, are particularly urged to attend and get in touch with the movement. This will be of great assistance in organization work.

The Convention is of great importance. It is the clearing house for the ideas of all the U.F.A. people in the Constituency. All business intended for the Provincial Convention next January, should be discussed here. This is the place where our member Mr. Irvine makes his annual report. Representatives of the Pools will be present, and a very interesting time is assured. This Convention is being held at Lacombe this year in furtherance of the plan adopted last year, when it was decided to hold it in a different town each year.

It is confidently expected that the members and friends of the organization will do their share to make this convention a success, even surpassing that of last year.

### LIBERALS DEFEATED IN SASKATCHEWAN

The result in Saskatchewan provides one of the great political surprises in Canadian politics in many years. The Conservatives have practically accomplished what was regarded by shrewd political thinkers as an impossibility. They have overthrown a government which at the time of dissolution held 51 seats in a Legislature of 68. They have brought about the ignominious collapse of one of the strongest political organizations in the Dominion, built up over a quarter of a century in office. They had no active assistance from the federal leaders of the party. They were opposed by every daily newspaper in the province with one solitary exception. Nothing comparable to the smashing overthrow of the Gardiner Government can be found in Canadian provincial politics in recent years with the one exception of the rout of the liberals in Nova Scotia in 1925, after a tenure of power of nearly 40 years.

The Conservatives have carried at least half the total number of seats. The two deferred contests usually decide in favor of the leading party.

Premier Gardiner has formally acknowledged his defeat, which is certain in view of the enormous lead of the combined opposition parties.

Looked at from any angle, the Liberals have sustained a most emphatic reverse. They were repudiated in the cities and lost ground heavily in the country. At least two and probably three, ministers went down to defeat in the wave of adverse public sentiment.

There will be many explanations of the most surprising result and perhaps all of the reasons advanced to account for the remarkable turnover may be in part correct. It would seem that one of the major causes for the upset was the general feeling that it was high time for a change. The Liberals have been in power for a quarter of a century. They had built up a political organization of a boldness and type which was regarded even in their own camp as minimal to the free expression of popular opinion.

The Saskatchewan "machine" has been famed for many years as the most effective organization of the kind in the Dominion. The electorate evidently considered it was time for a change for a sweeping out of partisan highway and other officials, for a thorough reorganization of the entire civil service which is said to be honeycombed with useless political hacks.

Premier Gardiner's personal unpopularity with an important wing of his own party was also a factor in the adverse verdict. There were many Liberals who believed another choice of leader should have been made when Mr. Dunning stepped out. It is apparent today that serious disintegration in the party must have set in after the withdrawal of the former popular leader.

The government has been accused on many occasions of catering to the foreign vote of the province. Administration of the school system in a manner to suggest favoritism to foreign communities and to delay the process of Canadianization has been a frequent accusation against Mr. Gardiner. His failure to dispose satisfactorily of the transfer of the natural resources issue lost him support.

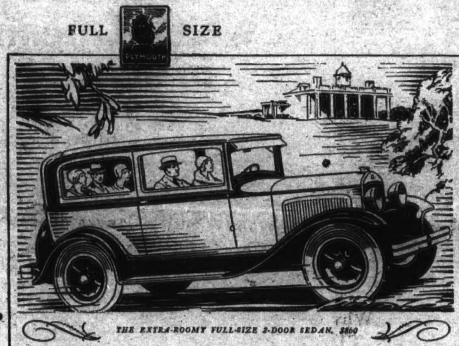

Another factor which must have exerted a certain amount of influence on many voters was the tariff. The tariff question has always played a part in the provincial contests of Saskatchewan. It was used to alienate Conservative support. This time the salt had lost its savor. Recent developments in Washington have tended to break down the traditional anti-tariff solidarity of the middle west agriculturists. They have been a severe eye-opener to the hard and fast free traders who want to sell in the highest market and buy in the cheapest regardless of any national interest.

Saskatchewan should benefit by the change in administration. It was high time that a mandate should be given to another party, and the Liberals will provide a strong and vigilant opposition, something the province has lacked for far too many years.

# Plymouth has the stamp of Chrysler Quality — not the look of Low Price

**YOU can be proud to own a Plymouth, the Chrysler Motors car in the lowest-priced field:**

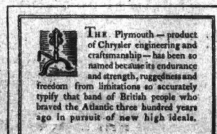

—proud, because Plymouth is a full-size car, not a miniature—a comfortable car in which you and your family and friends can relax to the fullest, instead of feeling crowded and cramped;

—proud, because Plymouth has a distinctively Chrysler-like style and manner, a richness and dignity not to be found in other low-priced cars;

**\$820** —proud, because Plymouth is so typically Chrysler in performance—so swift in traffic, so eager on hills, so competent in maintaining top speeds, hour upon hour, smoothly, quietly and without effort.

Plymouth is full-size and full-quality in every single particular.

In addition to its full-size body, its full-size chassis, its full-size modern engine, its full-size axles—Plymouth gives you the easy control of Chrysler full-size weatherproof internal-

expanding four-wheel hydraulic brakes—the safest ever devised.

Yet for all its size, Plymouth is so perfectly balanced and so skillfully engineered that unsurpassed economy of operation and upkeep is assured.

For reasons of both pride and purse, the Plymouth is today's finest investment in the lowest-priced field—the one car of that field that reflects fine quality without even the suggestion of low price.

# MR. SANBROOK ENLARGES HIS PREMISES AT GULL LAKE

Making up-to-the-minute alterations in his buildings at Gull Lake, Mr. Sanbrook has now one of the finest and most up-to-date ice cream parlors in Alberta. Anticipating a large number of campers this year, Mr. Sanbrook has spared no expense to make his place more attractive. He has installed a Frigidaire, which is a large one, and it has compartments for ice cream, soft drinks, etc., and holidaymakers at the lake are always assured of cool, refreshing drinks. The Frigidaire service, though its cost is considerable is well worth the money, as it adds greatly to the appearance and cleanliness of the place. The ice cream parlor has been doubled in size, so that there will be ample room to accommodate the largest crowds with ease. A large Columbia Viva-Tonal gramophone of the very latest type has been installed and Mr. Sanbrook informs us that he will always have a supply of the latest records on hand, both classical and popular music, and the machine will be at the disposal of his patrons. The dance hall will be re-decorated this season, and a first class orchestra, "The Revelers" from Edmonton has been secured for the season, and they guarantee all that is new and good in dance music. Mr. Sanbrook has also anticipated the need of a camping place for picnicers. He has cleared out all the underbrush on a hundred foot lot, adjoining his place to the south and with the beautiful shade trees, this will make a lovely camp ground. This place will be free to everyone. Several new row boats and canoes, for hire, have been purchased and can be rented by the hour, day, week, month or season. Batching suits will also be procurable for the accommodation of visitors. Lunches, coffee and tea will also be supplied. All in all, Mr. Sanbrook has built up a much needed summer place, and he will do his utmost to make you feel at home. He is now open for business and invites you to pay him a visit and look over his establishment.

# THE MILLIONTH FRIGIDAIRE

High explosive bombs crashed for an hour above the city of Dayton, Ohio, the other day as the one-millionth refrigerating unit to be built by the Frigidaire Corporation came through one of its many conveyor lines and emerged as a finished electric refrigerator, and ready to freeze ice cubes. Beneath the bomb smoke, flags fluttered from roofs of the factories and office buildings. But there was no sounding of whistles to signal even a short shut-down. With the plants far behind orders, thousands of employees continued their work, while the steady reverberation of the bombs marked the building of the millionth unit. For many weeks three shifts of workmen had been tending the fifteen great porcelain enamelling furnaces, built unvaryingly at 1600 degrees Fahrenheit. For weeks and weeks other departments had held to the same operating schedule. In one day 134 car-loads of finished products were shipped from the factories. And on the day the millionth unit was completed factories were still further behind orders than they were two months earlier. The millionth Frigidaire, bearing a gold seal plate, was shipped by airplane to Atlantic City to be a feature exhibit at the annual convention of the National Electric Light Association. Refrigeration equivalent to 120,000 tons of melting ice daily is the capacity of the one million units already built according to E. G. Belcher, president and general manager of the corporation. This ice tonnage would be sufficient to supply 9,000,000 families with 26 pounds of ice daily. "There is a vast difference between the units of 1917 even as late as 1921 and the present models," said Mr. Belcher. "Back in 1923 there were but two Frigidaire models, one a household model with a cubic feet of storage capacity and the other with 15 cubic feet for food storage. The factory price of the lowest priced model, was then \$850.00. The lowest priced model now, sells for only one fifth that price at the factory."

"Production of each quarter of a million marks a very definite period in development of Frigidaire, significant. The first ten years was a period of small production and basic development. The second quarter of a million marked the period when the business was placed upon a mass production basis, and all fundamental problems solved. The third quarter of a million followed the introduction of the new Frigidaire, with its quiet mechanism. The fourth quarter of a million will always be associated in history with the introduction of the Frigidaire Cold Control, the greatest single contribution to household refrigeration since the building of the first ice box."

# FIND OTHER MARKETS

Whatever comes of it, the tariff tinkering at Washington makes one point clear. Canada is altogether too dependable upon the United States for a market for its cattle. Of late we have been selling cattle nowhere else. And we can sell there only until congress decides to shut the door, which may be before the close of the present year. A great and permanent cattle raising business cannot be built up on that basis of uncertainty. The Dominion Government has in recent years found markets elsewhere than in the republic for many classes of Canadian products, and in respect to these products, has made the Dominion less dependent upon the forbearance of its neighbor. Without waiting to see what the senate at Washington may do with the new tariff bill, Ottawa should concentrate upon the problem of finding some other market for Canadian cattle, alive or dead. There must be some way to market Canadian cattle or Canadian beef as a profit in the densely crowded countries of Europe. How to do that is a matter to which the Dominion authorities should direct their attention now.

# FOOTBALL AT LACOMBE

Red Deer won on Friday night last the score being 1 goal to nil. Play was very even in the first half, both goalies making some nice saves. The defence on both sides played a safe game, not allowing the forwards much chance to get in close. Ten minutes from time Quaints, the Red Deer centre, picked up a perfect pass from the left wing, eluded the backs and gave Hall, the Lacombe goalie, absolutely no chance. The game was very clean and sportsmanlike, there being not a single foul during the game. The next game to be played here is against Wood River on Friday, June 28th.

# MORE PREPAREDNESS

The cost of getting elected is going up. The members of the House of Commons have changed the law so as to allow themselves to spend \$1500 each, instead of \$500 only, in an election campaign. Coming events cast shadows before them. The members foresee that an election is approaching. With that in prospect, the fear of the public being "debauched" by huge campaign expenditures is modified by the consideration that elections are not won by prayers.

In far Peru—more than 4,000 miles from the station where you fill with Marvelube—Imperial Oil secures the rich petroleum from which this better motor oil inherits its lubricating superlatives. To bring this better crude to Canada in Imperial's own ships and transform it by special processes into Marvelube is an undertaking which is possible only because of Imperial Oil's immense resources and facilities. But Marvelube, a better oil because of the natural lubricating superlatives of its carbon-free, sulphur-free base, is

well worth the huge effort and investment. Marvelube is preferred by aircraft operators because it ensures a greater margin of safety between engine overhauls. It is the favorite oil of more than a half million motorists in Canada, because it ensures smoother, more powerful, more economical operation. ### News From the Chapel District

The Centre Valley W.I. was held at Chapel School on June 1 with a fair attendance. Several visitors were present. Mrs. H. L. Craig gave a report on the successful raffle of bed spread and pillow cases, for which the proceeds were to help pay for a Maypole for the school grounds. Mr. Dyson of Bentley won the spread on No. 56 and Sandy Freeman the pillow cases on No. 46.

The Annual Convention report was not given this month, but we are all looking forward to it at our July meeting. Mrs. Wm. Vooce and Mrs. Ryndal Wetzel were hostesses.

Mr. Reg. Snow has been breaking prairie for C. O. Graham the past week. Mrs. Clara Riddle, who left on friends in Colorado, was held up

along the line on account of wash-outs.

Mr. Walter Riddle and a gentleman friend, John Ingram and Mrs. Mathews leave today (Tuesday) for a motor trip to Colorado. Here is wishing them a pleasant journey.

The school board put up the Maypole on Saturday evening, so now the children will be happy.

Mrs. Fred Ellsworth and family visited her sister at Lockhart, Mrs. Charley Calkins on Sunday.

Mrs. Robt. Stoner and children visited her father Wilson Cox of Leedale from Dr. Irvine.

Several mothers visited the baby clinic on June 7, with their children of pre school age.

Nurses Emerson of the Public Health Dept., Edmonton was in charge.

There will be a dance in Chapel School house on Friday night, June 14th. Hergott's Orchestra. Come and enjoy yourselves at Chapel.

Mrs. Bessie Ellsworth went to Lacombe Monday to take treatments.

Dr. Irvine.

Mr. Jim Freeman left on Sunday with a four-horse outfit to work on the road between Sylvan Lake and Red Deer.

Several from here attended the show put on by the Lockhart dramatic society at Rimbey on Saturday night.

Harry Ellsworth is expected home tomorrow (Wednesday), from Edmonton, where he has been visiting relatives the past week.

We are sorry to report that Mrs. J. B. Craig is not improving as quick as we would like her to.

Mr. and Mrs. Carl Thomas, Leona Saint and little Tommy were Sunday visitors at J. E. Ellsworth's.

Mr. A. Kinchlos is busy clearing ground as he expects Mr. Snow to do some breaking for him.

Here is hoping we soon get some rain.

### Bentley News

Mr. Carl Hilstadt, Joe Stephenson, Hans Skjensberg and Olga Solberg left on Saturday by motor for the Peace River country.

Mrs. Bloxham of Iola was a visitor at the Carritt home on Friday last. She resided in the Rainy Creek District some fifteen years ago.

Mrs. Pringle was hostess to the Ladies' Aid of the United Church at their regular monthly meeting on Thursday last. A good crowd was in attendance.

Mr. and Mrs. J. C. Carritt and son Charles and daughter, Mrs. Peterson were Sunday visitors at the latter's farm at Iola.

The Blindman Valley Co-Operative Association held a directors meeting on Friday last, at the manager's office. All directors were present via: Joe Wetzel, Iola; A. J. Anderson, R. E. Chown, Bentley; Fred Smith, D. M. Layton, Rimbey; J. B. Crocker, Leslie Matheson, Lacombe. A good amount of business was transacted and amalgamation with the Provincial Livestock Pool was discussed. Manager Wright informs us that they have handled more live stock this year than any year since they were organized which gives evidence of a successful business organization.

We have been informed that it has been found necessary to postpone the observance of U.F.A. Sunday from June 18th to June 23rd at the Community Hall at 2 p.m. Rev. Howarth the local pastor and Wm. Irvine are expected to address the gathering.

### TENDERS FOR BENTLEY SCHOOL HOUSE

All tenders must be in the hands of the Secretary by June 20th.

Herbert Thorp, Sec.-Treas.

### A NOTED VISITOR

A noted visitor in the person of Rev. Chas. Endicott, D.D., of Saskatoon is to spend a week in the Lacombe Presbytery. He will be in the following places: Clive on June 16th; Fairview on June 17th; Lacombe on June 18th, afternoon and evening; Rimbey on June 19th; Bentley on June 20th; Spruceville on June 21st; Waskatin on the 22nd.

His visit to Lacombe will be connected with a Laymen's Conference to which delegates will come, and the laymen will take part in the program.

The Ladies' Guild will serve luncheon in the Church Hall at 6:15, which will be open to the public, and at which Dr. Endicott will speak.

### SCREEN WINDOWS

I am now making screen windows for all sizes of windows. Double \$2.00 up; half windows \$1.20 up; All painted and ready to go on. Phone 2622. A. J. Larsen, Blackfalds.

### "Custom-Built" Designers Created the New Willys-Knight

Men of long experience in the "custom-built" field designed the new-style Willys-Knight Six. Their artistry is quite apparent in this triumph of modern beauty.

Grace of line, richness of color, perfect symmetry and proportion distinguish the new-style Willys-Knight Six as the outstanding creation of these style specialists, and make available—at a remarkable low price—the style and richness previously associated only with costly, custom-built cars.

A great automobile—a great engine—no valves to grind, no costly carbon removing. Practically fool-proof and wear-proof. No Willys-Knight motor, so far as we know, has ever worn out.

Arrange for a demonstration at your earliest convenience.

### "FINGER-TIP CONTROL"

One button in center of steering wheel controls starter, lights and horn. Simple design, easy operation. No wires in steering post.

## Imp Sayings

A Column of Fun and Facts for Lacombe Folks and our Farmer Friends

Slowly science prolongs life and thus enables us to buy a few more things on the installment plan.

This is the ideal time to haul out table manure. There's no implement that will pay for itself quicker than a manure spreader. McCormick-Deering pulls easily and is a real wide spreader too, and is sturdily constructed.

Americanism  
Demanding the best there is and giving one dollar down.

A McCormick-Deering Ball Bearing Cream Separator puts the cream where you want it and keeps it in money when you need it.

No man's opinions are entirely worthless. Even a watch that can't run at all is right twice a year.

When it comes to dependability on the farm a McCormick-Deering Tractor will excel all others.

Modern styles may be imperfect but it isn't necessary to take along a few safety pins in case of emergency.

McCormick-Deering Cultivators cut cultivating costs in half. Drop in and look them over when next in town.

Good Equipment makes a good farmer better.

McCormick-Deering Ball Bearing Cream Separators are light-running; skim clean and have long life, and are the last word in separators. Have one demonstrated free and judge for yourself.
